

Centers of Value

The NexUS Center of Value program works with specific facilities to provide medical services related to a range of treatments and procedures. These facilities have been identified in providing cost-efficient care. Members with comprehensive coverage have \$0 out of pocket costs when receiving selected services at Centers of Value. Members with a high deductible health plan must meet their deductible.

Participating Facilities for select services:

Kansas Medial Center	Andover, KS
Summit Surgical Center	Hutchinson, KS
Ridgewood Surgery & Endoscopy	Wichita, KS
